

13 TIPS FOR LEARNING A FOREIGN LANGUAGE EASILY

1. serve yourself maximum 7 new words daily
2. learn new words in sentences (in context)
3. 5 – 10 minutes regularly every day or every second day is enough, gradually you will start to like learning and you will add
4. write new words on little cards
5. place them on spots which you look at often (frame of PC screen, toilet door)
6. text with a friend (a teacher) in English (sms, messenger)
7. put down new words, sentences, short texts by hand
8. if you made a mistake write it again and correctly (maybe several times)
9. entertain yourself with English: start an „English sport“. Every day you will prepare one new special word for a friend and she/he will prepare one for you (who guesses it).?
10. read signs around you in English and translate them
11. talk only in English in lessons
12. read “tabloid“ in English, headlines, simple sentences, just for fun...
13. if there is a word which you cannot remember „scribble“ it on a piece of paper in different variations

...AND SOMETHING MORE

14. connect pictures with the word *to smile* 8-)
15. use your imagination: slope (sloup = in Czech a pillar), imagine that there is huge concrete pillar in the middle of a slope which all skiers must go round (source: Jakub Pok, „Škola paměti“= „School of Memory“)
